## Joy through Generosity | Discipleship Works!

Play Ball! Drivers Start your Engines! On your mark, get set, go! These are familiar phrases that signal the start of an event. Is there something that triggers generosity? Is it only the sight of the collection plate, a moving video, or a special request? **Stewardship**, as part of our Discipleship, is not marked by a start or a finish. It is **an ongoing reflection of the gifts God has provided to us**. First fruits...the core value of our intentions and our priorities. **Stewardship means acknowledgement and management**. Acknowledgement that everything we have, God has provided to us. Management in our use of those gifts. Perhaps this is a good day to take inventory and put a management plan in place.
